ROBBED THE BANK.

Cashier and a Travelling Man
Shot and Killed.

ONE THOUSAND DOLLARS TAKEN.

The Two Masked Bandits Then Make
Their Escape on Bicycles—Sherburne,
Minnesota, Wrought Up to the Highest
Pitch—Search Being Made For the Rob-
bers, but So Far in Vain.

FAIRMONT, Minn., Oct. 8.—Two masked and bicycle mounted robbers swept into the little town of Sherburne, 14 miles from here, yesterday, dashed into the bank of Sherburne, murdered the cashier and a bystander, and securing \$1,000 from the cash tray, mounted their wheels and escaped before the eyes of the startled villagers.

The affair was conducted with all the bravado of the border drama, and the killing of the two men, one of whom died instantly, was purely wanton, as neither made any resistance.

The dead are:
J. A. Oestern, traveling agent of the Walter A. Wood Harvester company, shot through the heart.

Cashier Thorburn of the Bank of Sherburne, shot in the head.

The crime is paralleled only by the raid of Jesse James and the Younger boys, when they swooped down upon the little town of Northfield, a few miles north of the scene of yesterday's crime, shot the cashier of the Bank of Northfield down and decamped with a large amount of money. In that instance the robbers departed on horses, whereas yesterday the criminals, in keeping with the times, used bicycles in escaping from the enraged citizens of Sherburne.

At about 1:30 o'clock two masked men walked through the front entrance of the bank to the cashier's box and without a word whipped out their revolvers and leveled them at Cashier Thorburn. The latter did not move, but the next minute the report of two revolvers rang out and Cashier Thorburn fell at his desk.

At another desk in the bank stood J. A. Oestern, a traveling man. He was the only immediate bar to the ends which the robbers sought to gain, and as Thorburn fell to the floor they turned and shot him dead.

As rapidly as possible they leaped over the railing which separated them from the cashier's desk and secured \$1,000 in cash. They then ran for the back door of the bank, where they had taken the precaution to leave their bicycles, mounted them and rode away.

It all happened inside of two minutes, and the only witness to the deed was a woman who stood across the street from the front entrance of the bank, and who was attracted by the report of the revolvers. She saw them then turn on Oestern, secure the money and decamp. As soon as possible she gave the alarm, and in five minutes after the deed had been committed, the little town of Sherburne was in a state of excitement such as has never before been seen there.

Thorburn, it was found, was not dead. Oestern, however, had been shot through the heart, and had apparently been instantly killed. Thorburn lived two hours, having received bullets in several different parts of the body.

The town of Sherburne contains scarcely a score more than 300 inhabitants, but inside of 10 minutes several posses had been formed, including nearly every male citizen of the town, and a search was at once instituted. Every town and village where there is the slightest possibility of the robbers visiting, in their efforts to escape, has been warned and their capture is expected at any moment.

DANCE OF DEATH.

Tragic Termination of a Brilliant Wed-
ding Party.

PITTSBURG, Oct. 8.—Death was an un-
bidden guest at a brilliant wedding at
Oakland, where Miss Holder, a daugh-
ter of Captain Holder, of river fame,
became Mrs. Frank Hannon. After the
feast James R. Pearson, the photogra-
pher, suggested a quadrille. To the
time of an old fashioned dance, four
elderly gentlemen and the same number
of matrons started off in a merry quad-
rille, the younger folks looking on and
enjoying the fun.

Mr. Pearson was the liveliest and jol-
liest in the set. The last note had
scarcely died away, and Mr. Pearson
was in the act of offering his arm to his
wife, when he was seen to suddenly
reel forward. He threw his hand to his
head and fell on his face. Instantly he
was surrounded by the frightened guests,
who thought he had fainted. He was
lifted up and carried to an open win-
dow.

Then it was seen that his condition
was serious. A tiny stream of blood
was running from his mouth, and ef-
forts to get him to speak were useless.
He was carried to another room and
placed on a couch, where he died in
three minutes.

The startling summons put an end to
the merry making. The dead man was
born in Cincinnati. During the war he
served in the naval service, and was in
the Mississippi Squadron under Com-
modore Rogers. He took up his resi-
dence in Pittsburgh after the war. One
brother, Frederick Pearson, still lives in
Cincinnati.

BOOKMAKERS HELD UP.

Four Footpads Secure \$1,500 in Chicago
and Escape With Their Booty.

CHICAGO, Oct. 8.—Four footpads, who
evidently were well acquainted with the
business and habits of their victims,

waylaid Abraham Shepherd and Wil-
liam Van Ornum, two bookmakers from
the Ideal park track, last night, near
Western avenue and Monroe street, se-
curing \$1,500.

Messrs. Shepherd and Van Ornum
had a good day at the track, a fact of
which the robbers seemed to be aware.
They held up the two men within a
dozen doors of Mr. Shepherd's resi-
dence and quickly escaped with their
booty.

ELECTION IN GEORGIA.

The Democratic Governor Re-Elected by
Not Less Than 28,000 Majority.

ATLANTA, Oct. 8.—W. Y. Atkinson,
Democrat, is re-elected governor by a
majority of not less than 28,000, which
is an increase of 6,000 over the party
majority of two years ago. The situa-
tion at present is very complex, and the
result is largely guesswork. Fulton
county, in which this city is situated,
has given Atkinson a majority of 1,000,
where two years ago it gave a majority
of 1,800. Bibb county this year gives a
majority of 600 and two years ago it
gave the Democrats a majority of 3,000.

In the Tenth district, which is the
home of Thomas Watson, the Demo-
cratic majority has dropped from 8,000
to 2,000.

It is generally conceded, however,
that Atkinson has carried the state by at
least 28,000, and the returns are ex-
pected by his friends to show that he has
a majority of 35,000. This, if true, will
mean that the balance of the ticket has
been successful by a majority of 40,000.

A. R. Clay, chairman of the state
Democratic executive committee, says:
"We have carried the state by between
35,000 and 40,000 majority. The Popu-
lists have not carried 20 counties out of
the 147 in the state, and they have lost
many of the counties they carried in
1894."

Murder and Lynching.

AUGUSTA, Ga., Oct. 8.—Yesterday's
election caused a murder and lynching
at Mount Junction, in Screven county.
Gus Williams, a Populist negro, struck
a ticket out of a Democratic negro
voter's hand. The Democratic negro
struck Williams for his insolence and
Williams fired at his assailant but missed
his aim and shot and instantly killed
Engineer Middleton of the Central rail-
road, who was an innocent looker-on.
Bystanders took Williams and lynched
him and riddled his body with bullets.

COMMISSIONER SENT TO ROME.

He Will Explain the Workings and Re-
strictions of Our Immigration Laws.

NEW YORK, Oct. 8.—Herman Stump,
United States commissioner of immigra-
tion, sailed on the steamer Paris yester-
day and will proceed immediately to
Rome. Under instructions which he
received from Secretary Carlisle, the
treasury department, he will "consult
with the royal secretary of interior of
the kingdom of Italy" in relation to
the emigration of Italians to the United
States. He is also directed to appear in
person before the Italian parliament,
which convenes in November, and to
hurry back here before congress meets
so as to report the result of his mission
in Italy.

That the mission is urgent is indicat-
ed by the haste of Colonel Stump's de-
parture and by the peremptory instruc-
tions of the secretary of the treasury.

Baron Fava, Italian ambassador, was
long in correspondence with the treas-
ury department about the deportation of
Italian immigrants and the lynching of
Italians at New Orleans a few years
ago caused an ill feeling that has never
been entirely removed.

Italy now asks that a properly ac-
credited authority shall appear before
its parliament and explain the work-
ings and restrictions of the United
States immigration laws, so as to obvi-
ate the necessity of deportation and
prevent fruitless journeys.

GREAT FIRE IN ECUADOR.

It Is Still Raging in the City of
Guayaquil.

LIMA, Peru, Oct. 8.—The fire at
Guayaquil, Ecuador, which is said to
have destroyed 15 squares of the town,
including the most important buildings,
is still raging. Among the buildings
known to have been destroyed are four
banks, all the foreign consulates, all the
hotels except one, two churches, all the
principal business houses, the mili-
tary barracks and the arsenal.

It is further stated that Guayaquil
has been burned from the postoffice to
the customhouse, the flames extending
from the bank of the river.

Later information from Guayaquil,
Ecuador, states that 2,000 persons are
deprived of their houses and homes by
the destructive fire. The losses to for-
eign insurance companies are placed at
over \$2,000,000.

A Broker in Trouble.

NEW YORK, Oct. 8.—Josiah J. White,
a broker of this city, who resides in
Brooklyn, has been arrested in Brook-
lyn on a warrant issued by Surrogate
Abbott. The specific charge against
Mr. White could not be learned, but
complaints have been made against him
at the district attorney's office that as
executor of his wife's estate, held in
trust for her son, he had sworn to its
value as \$30,000, whereas it was valued
at \$200,000.

Bert Richardson, the Clown, Dead.

IRONTON, O., Oct. 8.—Bert Richar-
dson, a clown who had gained a national
reputation in the sawdust arena with
all the great circuses of the day, died
here yesterday shortly after his arrival
with the syndicate shows. He was
aged 40 and death was due to consump-
tion. The remains were taken to Edin-
burg, Ind., for burial.

TRAGEDY IN CHICAGO.

A Doctor Stabs His Wife and
Watches Her Die.

TORTURED FOR FOUR HOURS.

After Eating an Oyster Stew He Purchased
a Revolver and When His Crime Was
Found Out by the Police Hid in the
Basement of His House and Shot Him-
self Through the Head.

CHICAGO, Oct. 8.—Dr. Carl F. Nitz,
a German physician, murdered his
wife and then killed himself yesterday
afternoon. The murder of the woman
was done in the most cold blooded
manner. Nitz and his wife have for
some time lived unhappily, because of
her constant efforts to obtain posses-
sion of his property. This provoked
frequent quarrels between them, and
yesterday afternoon, during one of
their rows, he stabbed her in the ab-
domen with a surgical instrument.

The wound was not immediately fatal
and the doctor, sitting down by her
side, stabbed her again, this time in a
manner which insured her death. He
then, as is proved by notes that were
found after his death, sat by the
woman's side watching her die slowly,
and now and then, to note the effect of
another wound, he would jab his knife
into her again. He carefully noted all
the symptoms of the woman's approach-
ing demise, and at one time left the
house and the dying woman, while he
procured an oyster stew at a neighbor-
ing restaurant, and bought the revolver
with which he shot himself.

For over four hours, as shown by
his notes, he sat by the woman watch-
ing her die. Late in the afternoon,
when the police had been notified of
the murder, Nitz hid himself in the
basement of the house, and when he
found that there was no chance of his
escape, he shot himself through the
head.

During the time his wife was dying
the old father of the doctor, who is
deaf, sat in an adjoining room, ignorant
of what was going on within a few feet
of him.

Nitz was 54 years of age and a man
of considerable property.

PLUNGED INTO A BASIN.

A Number of People Hurt by the Falling
of a Viewing Stand.

HAMMOND, Ind., Oct. 8.—Timbers
giving away in a temporary stand erec-
ted over the fountain basin at Central
park, where William J. Bryan spoke last
night, resulted in a panic in which sev-
eral women were painfully injured and
a half hundred drenched in the chilly
water.

The badly injured are:
Mrs. Charles A. Cleveland.
Babe Leonard.
Mrs. Henry Lundt.
Mrs. Oscar A. Krimbill.
Miss Anna Weaver.
Miss Ethel Howe.

The stand was crowded with women
and children waiting to get a glimpse of
the presidential candidate. Some one,
eager to keep up the enthusiasm, shout-
ed "Here he comes." A rush was made
for the platform and elevated places.
During this rush the structure, which
was made of two-inch planks thrown
loose over ordinary building joists, gave
way and a score of people were plunged
into the basin.

In the panic which followed women
fainted and children were trampled
upon.

Order was restored before Mr. Bryan
and his party reached the grounds.
The physicians who attended the in-
jured are of the opinion that no fatali-
ties will result.

LEFT HIS PAPERS BEHIND.

A Conductor's Thoughtlessness Causes a
Wreck on the Southern Pacific.

ROSEBURG, Ore., Oct. 8.—A collision
occurred between two light engines of
the Southern Pacific, half a mile south
of Greens' station. The collision result-
ed in the death of John McGonigle of
Portland, fireman, and A. N. Toy of
Salem, brakeman. The injured were
James Porter, engineer, severely bruised
and one ankle broken; Joe Happersett,
his fireman, both legs were broken and
feet crushed, rendering amputation nec-
essary; Ben Lohr, head and face cut;
Fred Wallace, conductor, bruised and
cut about the head and face; Engineer
McCauley was also bruised.

Conductor Wallace of the south-
bound overland, left his tickets and
papers at the station, here. He discov-
ered his loss, side tracked at Dillard's
and started back with a light engine.
Meanwhile the papers were discovered
by the station agent here and the train
dispatcher ordered out a light engine to
overtake the overland at Myrtle creek,
keeping a lookout for No. 16 and the
section men. The day was very foggy
and the southbound engineer did not
see the northbound, which rounded the
curve, colliding with the above results.

Steamer Sunk.

GALLIPOLIS, O., Oct. 8.—The steamer
Columbia ran on a sunken snag near
Red House, W. Va., last night. She
broke in two and sank. All her passen-
gers were landed safely. The boat be-
longed to the Kanawha Packet company.

Fell Beneath a Wagon.

TERRE HAUTE, Ind., Oct. 8.—Mrs.
W. R. Pigg of Greene county was
thrown beneath the wheels of a wagon,
heavily loaded with apples, while de-
scending a steep hill. She was badly
crushed and may not recover.

ROBBED RAILROADS.

A Pal Boxed Up and Shipped as
Freight.

CHICAGO, Oct. 8.—By a bit of detec-
tive work three men, who are accused
of having robbed the railroad companies
running out of Chicago of thousands of
dollars' worth of merchandise, were
yesterday afternoon locked up at the
Central police station.

The men arrested are W. T. Johnson,
G. W. Parker and J. C. Miller. The
arrests were made by special agents of
the Chicago and Northwestern Railroad
company.

During the past year nearly every
railroad in Chicago has been victimized.
Detectives were baffled in their efforts
to discover the thieves or trace the stolen
goods. Last evening J. C. Miller, one
of the prisoners, broke down and told
all he knew of the conspiracy.

He said he had been employed by
Johnson. He had been placed in a
large packing case at various times and
shipped as household furniture. He
was always supplied with food, water
and candles, and when the car in which
he was shipped was well on its way he
would open the case in which he was
shipped and, with the aid of candles,
would make an investigation of the con-
tents of the car.

Having selected such goods as he
wanted, he would fill the large case in
which he was secreted, and which was
always billed to Johnson. This done,
he would carefully nail up the box, and
then, with saws which he carried for
the purpose, cut a hole in the bottom
of the car. At the first stop of the train
he would drop through the hole and
make his way back to Chicago.

TO OPPOSE THE SUGAR TRUST.

The Arbuckles Will Go Into the Refining
Business on a Large Scale.

NEW YORK, Oct. 8.—For some days
past rumors have been circulating in
connection with the declining tendency
in sugar stock, of impending opposition
on a very large scale to the American
Sugar Refining company. The stock
yesterday declined to 108 1-2 on heavy
selling. The rumors have crystallized
into the statement that Arbuckle Broth-
ers, coffee merchants, have decided to
go into the sugar refining business. The
firm at present is a large distributor of
sugar in connection with its coffee busi-
ness, and is engaged heavily in the
wholesale grocery trade at Pittsburg.

Members of the firm who were ap-
proached by a representative of the As-
sociated Press, declined to make any
statement on the subject, but good in-
formation in the sugar trade confirms
the reports. John E. Searles, treasurer
of the American sugar refinery, said
that he had heard the reports on the
stock exchange, but otherwise had no
knowledge of any such impending op-
position. The sellers of sugar stock
yesterday include large houses that are
identified with interests in the sugar
trade.

The Drawbaugh Revived.

NEW YORK, Oct. 8.—At the annual
meeting of the stockholders of the
Drawbaugh Telephone and Telegraph
company, John R. Bartlett, H. C. An-
drews, Hon. Frank Jones, Parker C.
Chandler, Colonel J. F. Stokes, Hon.
James Jourdan and Abel E. Blackmar
were elected directors. President Bar-
lett in his report dwelled upon the pre-
sent status of the telephone litigation
and the government suits against the
Bell company, and stated that the
Drawbaugh case was practically re-
opened by reason thereof.

Coal Discoveries in Indian Territory.

SOUTH McALESTER, I. T., Oct. 8.—
Chief Justice Springer of the Indian
Territory court of appeals, has rendered
a decision which involves title to the
coal mine property operated by the
Choctaw, Oklahoma and Gulf railway
and directly affecting property in the
Choctaw nation to the value of several
millions. In brief, the decision holds
that any person who discovers coal in
the Choctaw nation is entitled to take
all the coal beneath the surface within
a mile radius in every direction from
his works.

Millions in It.

LOUISVILLE, Oct. 8.—Dr. B. T. Rafferty
of Cloverport declares that he is heir
to \$30,000,000. He has been in confer-
ence here with lawyers for several days.
The estate to which he makes claims is
the Fazakerly property about Liverpool,
England. There are 37 heirs, 20 of
whom are in America. The only man
who stands in the way of a division is
John Nicholas Fazakerly, who has sig-
nified that he will make no will, and
that a division of the property will be
ordered after his death.

Trouble Ahead.

ELYRIA, O., Oct. 8.—The striking
quarrymen at Grafton armed them-
selves with clubs and stones and created
some trouble. They are holding secret
meetings and threaten to blow up the
nonunion men in their houses. The
company is continuing work in the
quarry.

Emma Goldman's Latest Work.

PITTSBURG, Oct. 8.—Emma Goldman,
the female anarchist, is engineering a
movement to secure the release of Alex-
ander Berkman, who is serving a 27-
year sentence for attempting to assas-
sinate H. C. Frick. Sixty thousand sig-
natures to the petition are anticipated.

Gold Coming Our Way.

WASHINGTON, Oct. 8.—The treasury
yesterday lost \$125,200 in gold coin and
\$5,000 in bars, which leaves the true
amount of the reserve \$125,196,632.
Gold to the amount of \$160,000 was yester-
day deposited in the treasury at
New York.

NOW HOW IS THIS?

Turkey Has Barred Our War-
ships From the Bosphorus.

OTHER VESSELS MUST STAY OUT.

The Sultan Claims to Be Backed by Rus-
sia—He Also Demands the Right to
Search Foreign Vessels For Armenian
Refugees—How These Acts Are Viewed
in Washington.

CONSTANTINOPLE, Oct. 8.—It has been
semi-officially announced here that the
Turkish government, after weighing
the matter over and consulting with
certain advisers has come to the decision
not to admit the United States cruiser
Bancroft through the Dardanelles, and
therefore she will not be able to act as
the guardship of the United States lega-
tion in these waters.

The porte, it is added, has also decid-
ed not to admit the guardships of Greece
and Holland, which countries also pro-
posed to have a ship stationed in the
Bosphorus as a guardship and to furnish
men to guard their legations in case of
emergencies.

It should be added, however, that
the United States government is not
known to have presented through its
minister, Mr. Terrell, a formal demand
for the passage of the Bancroft or any
other United States warship through the
straits of the Dardanelles, and it is re-
called that Greece, in 1888, was allowed
to have a guardship in the Bosphorus.

The exact ground upon which the
Turkish government takes its stand in
this case is not stated, but it is known
in official circles here that Russia ob-
jected to the presence in the Bosphorus
of United States, Grecian or Dutch
guardships.

The objections to the presence of the
extra guardships here are said, accord-
ing to general report, to be based upon
the Berlin agreement, which excludes
from naval representation in the Bos-
porus any powers that were not party
to that agreement, and that, therefore,
the United States can not be allowed to
send a warship through the straits of
the Dardanelles.

It is believed that Mr. Terrell, about a
month ago, sent an urgent request to
Washington for a United States war
vessel. It is further intimated that the
United States government will insist,
by force, if necessary, upon the presence
of the Bancroft in the Bosphorus, taking
the ground that such a step would not
be an unfriendly act to Turkey, in view
of all the circumstances in the case,
and that the protection of the lives and
property of American citizens made it
necessary.

The Turkish government has also
sent a circular to the different embas-
sies, demanding the right to search
foreign vessels passing Constantinople for
Armenians. It is believed that the
powers will not accede to this request
as, up to the present, Armenians who
have sought refuge on board of British
or French vessels have been protected
by the guardships here until the vessels
on which they had sought refuge sailed
for their destination.

AS VIEWED IN WASHINGTON.

Shrewd Piece of Diplomacy on the Part of
the Sultan.

WASHINGTON, Oct. 8.—The action of
the Turkish government in giving it to
be understood that no guardships of the
powers, parties to the treaty of Paris,
shall be admitted to passage through
the Dardanelles is looked upon here as
a shrewd piece of diplomacy. The fact
is that thus far the United States has
not made any formal request to have a
guardship at Constantinople, and this
announcement in advance of the prefer-
ence of a request renders it improbable
that one will be preferred.

The purposes of the government in
sending the little Bancroft to Turkey
have been carefully concealed, both by
the state and navy departments, and
even now it is not possible to secure an
official admission that it was intended
to send her to Constantinople. Beyond
doubt, however, it was the purpose to
have her near Constantinople and that,
if events assumed a serious phase, Min-
ister Terrell might seek the firm nec-
essary to ensure her safe passage through
the straits. This purpose was at last
made clear yesterday, when the little
boat sailed from Gibraltar for Smyrna,
only about 150 miles distant from Con-
stantinople, an easy day's sail, and this
is probably the reason for the semi-offi-
cial announcement of the position of the
Turkish government.

RULING WITH A HIGH HAND.

Mailbags Riffled and Heavily-Made Reports
Signed.

LONDON, Oct. 8.—The Chronicle pub-
lishes a dispatch from Constantinople
saying that Mr. Misses, British vice con-
sul at Dedegatch and also French post-
master there, recently successfully re-
sisted an attempt made by the customs
officers to open the mail bags consigned
to his care. While resisting the attempt
to seize the bags he was struck in the
face by a soldier.

The dispatch adds that the interna-
tional commission appointed by the
sultan to inquire into the recent mas-
sacres is composed of an Austrian, Ger-
man and Frenchman and two English
pashas, who are connected with the
Turkish service. They met at the
Yildiz kiosk on Sept. 30, where they
were asked to sign a ready-made re-
port. The German and French mem-
bers were indignant at this action and
refused to sign the report. The others
lacked courage to the resent the re-
quest. All the members of the commis-
sion are now collecting evidence.

DEMOCRATIC TICKET.

President,
WILLIAM JENNINGS BRYAN,
 of Nebraska.
 Vice President,
ARTHUR SEWALL,
 of Maine.
 Congress,
W. LARUE THOMAS,
 of Mason.

EVEN the Hon. Boyd Winchester, one of its special favorites, has been forced by his sense of decency and justice to call the Courier-Journal down in its campaign of misrepresentation. Mr. W. spoke at Lebanon a few days ago, and the C. J. charged a portion of the "silver element" with being disorderly. Mr. Winchester has since published a card in that paper saying he "observed no disorder," but on the contrary "was given respectful and patient attention." I wish to add, he says, "that in the eight appointments, so far filled, I have been honored with the presence of many free silver men, and without exception have been accorded the kindest and most orderly attention." The C. J., however, seeks on every occasion to create the impression that the silverites are a disorderly mob.

THIS ADMITS ALL THAT DEMOCRATS CLAIM.

The platform adopted by Indiana Republicans in 1890 contained the following significant declaration on the subject of coinage:

"We cordially commend the action of the Republicans in Congress on the subject of *free coinage*. The law recently enacted was passed in spite of persistent Democratic opposition. Under its *beneficent influence* SILVER HAS RAPIDLY APPROACHED THE GOLD STANDARD OF VALUE, FARM PRODUCTS ARE ADVANCING IN PRICES and commerce is feeling the impulse of increased prosperity. It will add more than \$50,000,000 annually of *sound currency* to the amount in circulation among the people, and is a long yet prudent step towards free coinage."

THE MONEY OF THE CONSTITUTION.

My friends, we are in favor of the money of the Constitution. It was good enough for our platform in 1884, because the Democratic platform in 1884 declared in favor of honest money, and it did not stop there like the advocates of so-called honest money to-day, because that platform went on to define what honest money was. It said: "We are in favor of honest money, the gold and silver coinage of the Constitution." That was good enough money to elect a President and Vice President on in 1884 and in 1888 the Democratic platform reiterated the Democratic platform of 1884, and in 1892 the Democratic platform said: "We held to the use of gold and silver as the standard money of the country, and to coinage of both gold and silver, without discrimination against either metal or charge for mintage." That platform did not declare for a gold standard; that platform simply recognized the principles of bimetalism, and that platform demanded that gold and silver should be treated exactly alike as the money metals of this country.—W. J. Bryan.

BRYAN'S CHANCES.

Startling Admission From One of the Leading Gold Organs—Some Interesting Figures.

[Enquirer.]

The New York Herald of Sunday published some figures on the probable Presidential result that have filled the McKinley supporters with alarm. The Herald has strongly opposed Bryan, and would certainly not accord to him more than the indications warranted. While the figures indicate McKinley's election by a narrow margin, the result is reached by giving the Canton man States that he has little or no chance of carrying. Really, it is a confession that Bryan's election is not only probable, but almost sure. In other words, McKinley, according to the Herald, is gone if he loses Indiana or Illinois, and even granting him liberal concessions, besides these two States, he will have to win in Kentucky to have more than one majority. To reach this result, the Herald also accords McKinley the votes of Connecticut, Delaware, Iowa, Maryland, Minnesota, New Jersey, New York and Wisconsin, either one of which may give the Republicans an unpleasant surprise and prove fatal to their calculations. Those on the inside of Bryan's campaign have no doubt whatever of carrying California, Colorado, Idaho, Kansas, Michigan, Montana, Nebraska, Nevada, North Dakota, Oregon, South Dakota, Utah, Washington, West Virginia and Wyoming, and the Herald's canvass shows that these claims are well based. Here is the table and what the Herald says. Coming from a pronounced gold organ, the admission is certainly remarkable and very encouraging to the Democrats:

The Herald's canvass, so far as made, in all the States has yielded the interesting result subjoined. Upon these figures it may safely be said, that if the election were to be held to-morrow, 237 votes in the Electoral College would be designated for Major McKinley. This is thirteen more than are necessary to a choice:

MRS. ELIZABETH DOBYNS.

Death of a Former Resident of Maysville at Birmingham, Alabama.

The sad news has been received here of the death of Mrs. Elizabeth Dobyns, formerly a resident of Maysville. She died this week at the home of her daughter, Mrs. Alice D. Orr, of Birmingham, Ala.

Deceased was the widow of the late John P. Dobyns, who was a prominent citizen and business man of Maysville in his day. Two children survive her, Mrs. Orr, of Birmingham, and Mr. Charles C. Dobyns, of this city.

The remains will be interred at Flemingsburg to-morrow morning.

Marvelous Results.

From a letter written by Rev. J. Gundersman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at J. James Wood's drug store. Regular size 50c and \$1.

Sour

Stomach, sometimes called waterbrash, and burning pain, distress, nausea, dyspepsia, are cured by Hood's Sarsaparilla. This it accomplishes because with its wonderful power as a blood purifier, Hood's Sarsaparilla gently tones and strengthens the stomach and digestive organs, invigorates the liver, creates an appetite, gives refreshing sleep, and raises the health tone. In cases of dyspepsia and indigestion it seems to have "a magic touch."

"For over 12 years I suffered from sour

Stomach

with severe pain, across my shoulders, and great distress. I had violent nausea which would leave me very weak and faint, difficult to get my breath. These spells came oftener and more severe. I did not receive any lasting benefit from physicians, but found such happy effects from a trial of Hood's Sarsaparilla, that I took several bottles and mean to always keep it in the house. I am now able to do all my own work, which for six years I have been unable to do. My husband and son have also been greatly benefited by Hood's Sarsaparilla—for pains in the back, and after the grip. I gladly recommend this grand blood medicine."

HIGHER WAGES PROMISED

If Bryan is Elected President—Newark Firm Gives a Written Guarantee.

[Cincinnati Enquirer.]

NEWARK, Ohio, October 5.—This city to-day presents the now novel spectacle of a factory voluntarily offering to increase its employees' wages, the offer being accompanied by the provision that the advance depends upon the election of William Jennings Bryan to the Presidency of the United States. Readers of speeches delivered by Major McKinley and his capitalistic friends have been taught to believe that a Bryan victory means closed factories, idle mills and starving families. This belief has in some instances been strengthened by assertions from manufacturers themselves.

A company employing labor exists in this community that, instead of attempting to coerce its employees or trying to induce them to vote for McKinley, is generous enough to admit that under the free and unlimited coinage of silver and gold wages will go up, not down.

This company indulges in no idle predictions, but has posted a promise at its factory. The company is the Central City Stove Works, the following being a copy of the bulletin:

To employees: Notice is hereby given that in case of William J. Bryan's election as President of the United States on November 3rd, 1896, this company will immediately thereafter give the employees in every department an advance of 10 per cent. in their wages.

"C. W. CUNNINGHAM, President."

C. W. Cunningham, President and Manager of the company, said to the Enquirer correspondent that he and nearly all his employees have been life-long Republicans, but that they are all for Bryan and free silver.

Mr. Cunningham said that the above notice had been posted because the company realized that under free coinage increased business would justify increased wages.

The company, believing implicitly in the advantages free silver would have in putting men to work, restoring prosperity and giving men money with which to buy, is willing to share its prosperity with its men.

President Cunningham, who is a practical molder, then went on to show how molders' wages prior to 1873 were 50 per cent. higher than they are to-day; how, after silver was demonetized, there was a gradual decline until the passage of the Bland-Allison act in 1875, which revived the West, increased demand for molders' products and resulted in increased wages.

Business depression six years later caused another decline. In his opinion nothing will restore permanent prosperity but the restoration of silver. In concluding Mr. Cunningham remarked:

"Do you know of any factories offering increased wages if McKinley is elected? I don't."

A NOTED ORATOR TO-NIGHT.

Rev. Alexander Kent, of Washington, D. C., to Speak at Court House To-night. County Meetings.

Rev. Alexander Kent, pastor of the People's Church in Washington City, and who was a delegate to the Populist National convention in July, will address the people of Maysville and vicinity at the court house to-night at 7:30 in the interest of Bryan.

Hon. J. D. Kehoe writes that Mr. Kent is a great worker in labor organizations and a most eloquent speaker. All should hear him on the issue of the campaign, the financial question.

The public cordially invited. Seats reserved for the ladies.

Mr. James N. Kehoe spoke at Helena last night and was greeted by a large and enthusiastic crowd.

Ten new members were added to the club, giving it a membership of about seventy-five.

The Tuckahoe Bryan club held a rousing meeting last night. The house was crowded, and Mr. Frank P. O'Donnell, the speaker of the evening, was given an enthusiastic reception. He spoke for an hour and a half and was given the closest attention. Four or five new names were enrolled, giving the club a total of fifty-four members.

PUBLIC SPEAKING.

Campaign Chairman Taylor makes the following announcements of public speaking:

Plumville, October 9th—Mr. C. Burgess Taylor. Rectorville, Saturday, October 10th—Allan D. Cole.

Maysville, court house, October 11th—Mr. B. W. Blair, of Cincinnati.

Mayslick, Friday, October 9th—James P. Allen, of Fleming, and Thomas Slattery, of this city.

With the exception of the one in this city, the above meetings will all be held at 7 p. m. on dates named. The public cordially invited.

Rectorville Democrats are anxious to organize a club, and will do so Saturday night, when Mr. Allan D. Cole, by urgent request, will speak there.

BROKE HIS ARM.

The Smiling Shepherd Meets With a Serious Accident—Base Ball News—Wednesday's Game.

The many friends of Shepherd, who, was one of Maysville's crack pitchers this season, learn with sincere regret of the accident he met with at Portsmouth Tuesday.

The Portsmouths were playing the Richmond (Va.) team, and in the first inning Shepherd broke his right arm near the shoulder in delivering the ball.

It was at first thought that the tendon of his arm had torn loose at the elbow, but examination showed that the bone was broken.

The injury was a very painful one, and the accident may put an end to his work as a pitcher.

Speaking of Tuesday's game at Knoxville, an Enquirer special says: "Next to the ovation given W. J. Bryan in this city was the one accorded Wiley Davis, the Tennessee squirrel hunter, when he appeared in the base ball diamond here to-day in his old Knoxville uniform. The boy who belongs to the Cincinnati Reds, but who has been in Indianapolis for the past season, has greatly improved in his playing and pitched a fine game to-day, giving up to the hard hitting Maysville team only one hit and two scratch hits. Newton, who belongs to Indianapolis, but who is farmed out to Maysville, also pitched a great game, he giving up only five hits. Knoxville won the game by the score of 4 to 1. Davis struck out nine men and gave only one man base on balls. Davis left to-night for his home in Blount County, where he will be idolized until next Saturday, and he will then pitch the closing game of the season in Knoxville."

MISS HANNAH COLLINS, of Mill Creek entertained a large number of her Mason and Fleming County friends at her home Thursday evening of last week. The evening was spent in playing progressive euchre and partaking of delightful refreshments. At the conclusion of the euchre playing the following prizes were awarded the two best and two worst players: Miss Marguerite Lally, of Mill Creek, received the first prize, a very handsome book, while Mr. M. E. Sweeney, of Mayslick, came in for the second prize, a sterling silver match safe.

One of the "booby" prizes was awarded Miss Nellie Buckley, of Murphysville, the prize consisting of a handsome and very desirable article; while the other booby prize went to Mr. James R. Doran, of Flemingsburg, the telegraph operator at that place, the prize being a dumb watch, a very desirable piece of jewelry for Mr. Doran, as he said the "tick" of his old one was so loud he could never hear the telegraph instrument. At a late hour the party broke up, after having spent a most delightful evening.

A SUMPTUOUS SPREAD.

The Justices and a Few Friends Dined by Superintendent Slattery and Wife at the County Infirmary.

The Mason Fiscal Court and a few friends of Superintendent Slattery and wife were yesterday dined at the County Infirmary. It was an occasion where every requisite for pleasure sat attendant upon true Kentucky hospitality. About thirty gentlemen sat down to as sumptuous a feast as ever was prepared. Mrs. Slattery was the presiding genius, and with the able assistance of her sisters and mother got together a rich banquet of seasonable edibles with all necessary condiments and relishes. Two long tables were set in the spacious dining room and with their appointments of pretty linen and other trappings made a sight sufficient to inspire the appetites of the enraptured. It is needless to add with what full justice each participant meted out his full due of respect, the verdict being unanimous in declaring big hearted and genial Ed. Slattery and his estimable wife king and queen of hospitality. May the County Infirmary always have as good hearted and capable a couple at its head. We congratulate the officials on their wise choice and the inmates at having over them such as Mr. and Mrs. Slattery.

The Discovery Saved His Life.

Mr. G. Caillouette, druggist, Beaversville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial at J. James Wood's drug store.

On petition of upwards of twenty citizens of voting districts No. 16, an election was ordered held in said district to decide whether stock shall be permitted to run at large in said district.

The report of J. M. Alexander, committee of Phoebe and Louisa Hopper was received and ordered filed.

On motion, 'Squires Forman, Perrine and Williams were appointed Ways and Means Committee to make such arrangements as they may decide best to secure money to meet the obligations of the county incurred at this term of court.

The Turnpike Commissioners were authorized to repair that part of the Anderson Ferry road running from Lawrence Creek to Wm. Hitts, in connection with the repair of the Blue Run road.

The Turnpike Commissioners were authorized to extend the Hill City and Horseshoe turnpikes from some point on the latter road to the Helena and Mayslick pike at Mitchell's corner or to Mayslick, in their discretion.

'Squire Hook's motion to refer all propositions from turnpikes to the Turnpike Commissioners, they to report to County Judge who should call this court together, was lost. A GOOD MOVE.

That's What the Papers Think of the Effort to Curtail the Tobacco Crop—Next Monday's Meeting.

Ripley Bee: "An effort is being made by the tobacco growers in the Kentucky district to have 80 per cent. of the growers to agree to not raise any tobacco next year. It is claimed that if the farmers will agree to this the present crop will bring 12 to 15 cents per pound. This looks like our farmers should take hold of the matter and join in the move. There isn't a farmer in Brown County who realized enough on his last year's crop to pay for the work on it."

Fleming Gazette: "Mason County farmers held another meeting in Maysville last week, their object being to curtail the tobacco crop next year. Other counties have been invited to join in the movement. It is a step in the right direction and all progressive farmers should organize and endeavor to keep the production during the next few years down to the lowest possible notch. At the present prices a farmer's outlay of cash, in the majority of cases, exceeds the income to be derived."

Farmers should bear in mind that another meeting will be held at the court house, this city, next Monday, to hear reports from the committees appointed at last meeting; and to take further action in the matter. All should be on hand.

FREE SILVER.

It Would Give Protection to American Industry at Home and Abroad.

New York, October 3.—A London cable to the Evening World is as follows:

"The World correspondent examined to-day a file of the Financial News in its office here and found the following statement in an editorial in its issue of April 30th, 1894:

"There can be no doubt about it that if the United States were to adopt a silver basis to-morrow British trade would be ruined before the year was out, for American industry would be protected, not only at home, but in every other market."

The World is not supporting Mr. Bryan in this campaign.

Loose clothes and downy cushions bring only a negative sort of comfort to the woman who is suffering with some disease or derangement of the organs distinctly feminine. Some clothes and some positions make the pain and the discomfort seem less. Perhaps the nerves are most affected and this in turn disturbs the digestion. Nothing will ever completely relieve but a radical cure. The start of so-called "female complaints" may be a very slight thing indeed. It may be that in the beginning some small hygienic measures would stop the trouble. Certainly at this time, a little bit of the right medicine would stop it. When the trouble becomes worse, it is harder to cure, but still it can be cured. Dr. Pierce's Favorite Prescription will positively cure any trouble of this character. It may be absolutely relied upon. It affords lasting relief to a woman whose natural modesty has kept her from consulting a physician.

Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser," profusely illustrated.

The marriage of Mr. William Pepper and Miss Sallie Barr is announced to occur October 15th. Miss Barr is a lovely and charming young lady who until recently resided at Portsmouth. Mr. Pepper is to be congratulated. Their many friends join in hearty good wishes in advance of the happy event.

POLITICS AT PLUMVILLE.

The Goldbugs and Friends of Free Silver Have a Joint Debate.

PLUMVILLE, Ky., October 6, 1896.

Editor Maysville Bulletin: The McKinley Gold Standard Club of Plumville met on the evening of the 5th inst. in the Plumville schoolhouse where they had previously challenged any free silver club to meet them in joint debate. In fact they have been a little over-anxious for some time to impart some golden truths, as they choose to call the roundabout phrases with which they try to meet solid facts. It had become fairly well circulated that the debate would take place, and when the hour arrived for opening, the crowded house showed that the gold and silver sentiment was about equally divided. The affirmative taken by the gold standard side was represented by Messrs. C. C. Degman, C. G. Degman, E. Cobb and "Squire" Book, the negative by C. Burgess Taylor, W. H. Meenach, S. Stuart and W. H. Hicks.

The question was fairly discussed with the exception that the silver advocates while on the floor were several times interrupted by the goldbugs. The interruption, however, consisted chiefly in asking what they thought to be pertinent questions, but which were answered in such a clever and satisfactory manner as to always bring down upon the head of the questioner the ridicule and laughter of the enthusiastic audience.

Several amusing incidents occurred, one of which is particularly worthy of notice. One of the young men representing the gold standard while enthusiastically talking said something that elicited a burst of applause from his friends. He seemed to forget for the time being and actually joined in the applause by clapping his hands as merrily as a bright-eyed little six-year-old on a Christmas morning. But take it all in all everybody seemed to enjoy the evening very much; and wended their way to their various homes with a "peace on earth good will to men" feeling.

"Trouble in De Lan."

The excursion of the "sound moneyites" from this city to Carlisle yesterday to hear Col. Willie Breckinridge and other Republican speakers was not much of a success. A great effort was made to drum up a crowd, a free ride being held out as an inducement, to some, but about five Palmer Democrats and thirty-five or forty Republicans composed the crowd from Maysville.

About 2,000 people were in Carlisle, and when Breckinridge got up to speak an attempt was made to hoot him down by a few overzealous Democrats in the crowd. At one time it looked like there would be serious trouble, but quiet was finally restored.

ELECTION IN FLORIDA.

Complete Returns Have Been Received From But Five Counties.

JACKSONVILLE, Fla., Oct. 8.—The returns of the state election Tuesday continue to come in slowly. Complete figures have been received from only five of the 45 counties, embracing 72 of the 632 election districts in the state. These five counties gave Bloxham, Democrat, for governor, 6,026; Gunby, Republican, 1,578, and Weeks, Populist, 665. In 1892 the vote in the same counties was: Mitchell, Democrat, 6,997; Boskins, Populist, 297. This shows a Democratic loss of 971, or 14 per cent, as compared with the previous election.

So far as heard from the election passed off with absolute quiet in every part of the state. The effect of the Australian system, was, as anticipated, to keep illiterate voters, and particularly negroes, from the polls.

Of the 68 members of the house of representatives, the Democrats have at least 60 and the 32 members of the next senate, including 16 holdovers, will all be Democrats.

In this county (Duval) most of the regular Democratic candidates for county officers were defeated by the candidates of a bolting Democratic faction. Glenn (Republican) was chosen superintendent of public instruction over two Democratic competitors.

An Italian Girl Murdered by Her Sweetheart.

YOUNGSTOWN, O., Oct. 8.—Tuesday night, at Hillville, Frank Jongaso, an Italian, murdered his sweetheart, Peppini Carina. Mary Carina, the 5-year-old sister of Peppini, and John Jongaso, a brother of the fugitive, who were in the room, were also badly wounded by a portion of the charge.

The murderer escaped and has not as yet been captured.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
